

Technology Service Corporation
an employee-owned company

1983 S. Liberty Drive, Bloomington, IN 47403 Phone: (812) 558-7100 ■ Fax: (812) 558-7098 ■ www.tsc.com ■

Technology Service Corporation (TSC) seeks a Test and Evaluation (T&E) Engineer to support testing, system integration, and validation of test systems. The successful candidate would provide support to the Lead Test Engineer and Software Engineer by creating, maintaining, and updating test systems and software; reviewing technical documentation; providing engineering feedback; and supporting test events as required.

Certifications: Certified LabVIEW Associate Developer (CLAD) or better

Qualifications:

- B.S. in Engineering or related work experience (3+ years)
- Must be a US Citizen and able to obtain a DoD Secret Security Clearance

The location for this position is Bloomington, Indiana. This is a full-time position that will require the applicant to work onsite with customers on a regular basis.

TSC is an equal opportunity employer of qualified women, minorities, veterans, the disabled and otherwise protected classes of candidates. Qualified veterans and disabled applicants are encouraged to apply.
